

**PUBLIC NOTICE OF APPLICATION
For Site Suitability for
Non- Hazardous Liquid Waste Solidification Facility**

**Recycle America Enterprises, LLC
50 Arbor Way
Fitchburg, Massachusetts**

MADEP Transmittal # W161089

Pursuant to 310 CMR 16.10, the applicant or proponent, Recycle America Enterprises, LLC, 50 Arbor Way, Fitchburg, MA, is notifying all parties identified at 310 CMR 16.08(2) and abutters to the site that an application has been filed with the Fitchburg Board of Health.

The non-hazardous liquid waste (NHLW) solidification facility is proposed to be located in the Montachusett Industrial Park at 50 Arbor Way, Fitchburg, MA. An existing asphalt shingle and construction and demolition materials recycling facility is currently located at the same address. The size of the existing solid waste handling facility is approximately 4 acres and will process and solidify up to 150 tons per day of NHLW and drying materials received from local industries.

Comments will be received by the DEP at 627 Main Street, Worcester, MA 01608 for 21 days following publication of this notice. Reference the transmittal number listed above with comments.

A copy of the application has been sent to the Fitchburg Public Library 610 Main Street Fitchburg, MA and can be inspected during their regular hours of operation. To obtain a copy of the application, please contact Mr. Kenneth J. Snow P.E., LSP 12 Graystone Way, Southborough, MA 01772.
